MEDICAL ASSISTANCE

The Smith Rock Race Group, LLC in a continuing effort to upgrade our medical coverage for all our events has an exciting new add on for 2012 and beyond. We recognize that our events are often held in remote and rural areas of Oregon. That is what makes them so popular. Often medical care in regards to evacuations can come from a distance and be expensive.

In order to better serve our constituents in many regions where our events are taking place we have reached out to *Life Flight Network*. Life Flight also has many rotor-wing bases in Eastern Oregon (Ontario, La Grande), and Western Idaho (Boise, Mountain Home, Lewiston, Pocatello & Sandpoint). Fire Med: Fire Med member households are covered by over 80 Fire Med affiliates located throughout the state of Oregon (La Grande, Enterprise, Baker City, Prineville, Redmond, Sisters and throughout the Western-side cities & towns in Oregon.)

We asked *Life Flight* to partner with us to encourage our constituents to consider joining the organization in order to receive emergency medical transport by either air or ground during one of our events.

The Smith Rock Race Group, LLC receives no financial remuneration of any kind from Life Flight. We simply encourage everyone to consider the benefits of membership. Life Flight does have some reciprocity agreements throughout Oregon and the Northwest. We encourage you to carefully review these materials to see how that might affect you in the community where you live.

Saint Alphonsus Medical Center — Baker City:

Saint Alphonsus Medical Center — 3325 Pocahontas Road, Baker City, OR 97814, phone: 1-541-523-6461. Baker City is a 36-bed critical access hospital that provides the continuum of care from acute to long-term care services. Serving Baker County and surrounding areas, the hospital was founded in 1897 by the Sisters of St. Francis of Philadelphia.

Saint Alphonsus Regional Medical Center — Boise:

Saint Alphonsus Regional Medical Center — 1055 N. Curtis Road, Boise, Idaho 83709, phone: 1-208-367-2121. Boise is part of Saint Alphonsus Health System, a four-hospital, 714-bed integrated healthcare system serving the needs of the people in southwestern Idaho, eastern Oregon and northern Nevada.
